

DESCRIPTION:

The LUCIA Round High-bay LED Series is a luminaire with an innovative design where the esthetic has been optimized for using both high-bay and flood light technologies, to get a high performance in strength and reliability. With a huge luminous efficiency because of it is transparent, polycarbonate closing, the body made from aluminum and the quality of the electronic components. This luminaire has the great flexibility to adapt to any surface.

Ordering Information:

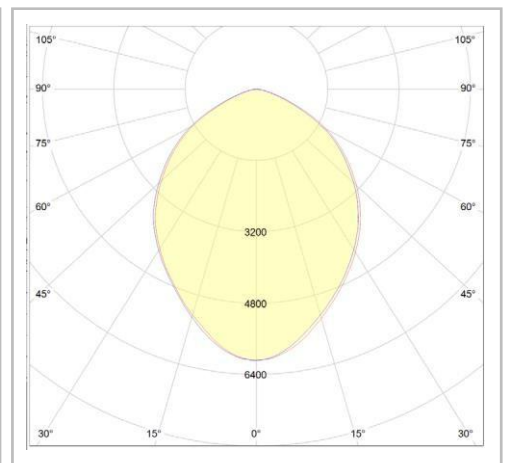

Model	Watts	Lumen	Optic	Color Temp.	CRI	Optional	Finish
LI-HBL150-XYZZ	150W	19500	A=120	1=4000k 2=5000k	84	1=Dimmable	BR

Ordering Example:

LI-HBL150-XYZ-150-A-1-1-BR

Project Name:

- **Material:** Die-cast aluminum housing; polycarbonate lens.
- **LED Type:** Phillips Lummi LEDs Luxeon 3030 2D
- **Electrical:** 120~277VAC, 50/60Hz Driver Included
- **Power Factor:** $\geq 95\%$
- **LED Efficiency:** 135 lm/W
- **Color Temperature:** 4000K, 5000K
- **Operation Temperature:** $-20^{\circ} - 40^{\circ}$
- **Color Rendering Index (CRI):** ≥ 80
- **THD %:** $< 20\%$
- **IP Rating:** IP65
